NEW PARKING PLAN FOR BUSINESS DISTRICT

Increase phone rates for suburban towns

In an order issued December 14, 1947 at Springfield, the Illinois Commerce Commission awarded permanent annual rate increases of \$25,400,000 annually. V. C. Lathen, manager for the Illinois Bell Telephone Company announced today.

"**ACTUALLY**, more than \$17,000,000 or about 2/3 of the \$25,000 granted has been in full effect since last July in the form of temporary rates granted by the Commission last June," Lathen said. "In total, the amount allowed is about \$5,000,000 less than the company had requested."

The new monthly rates for the principal classes of service in Arlington Heights, Lathen explained, will become effective on December 11, 1947, and will be as follows:

Pick opponents for Christmas tournament at Palatine Dec. 26-27

It will be Palatine vs. Arlington again in the Christmas basketball tournament at the Palatine gym the night of December 26. Bensenville will oppose Leyden in the other first round game.

Selections were made Wednesday night. Winners will meet the following night, as well as the losers. Admission will be 60¢ for all seats at the tournament, with complete details to be given next week.

Ask 'night club' for Palatine

A FEATURE of the higher rates provides a new "Metropolitan" service which is offered on an optional basis to individual line business and individual one and two-party residence subscribers. This service enlarges their local unlimited calling area and also entitles them to make station-to-station calls to Chicago and many points in the Chicago-Suburban area at

Postmaster asks cooperation in Xmas mailing

Postmaster Virginia F. Dodge yesterday requested public cooperation in handling the heavy Christmas mailing load. She asked that people mail their Christmas cards and packages at once, and that they space out their mailings over several days so that mail will arrive at the post office in a steady stream, instead of in huge bunches.

During normal periods, cancellations at the post office average 4500 pieces of mail per day. They are now averaging 7500 per day, and during the peak of the Christmas season they reach 10,000 per day.

"Many people have their Christmas lists almost complete, but are delaying until they can fill in just a few missing addresses," the Postmaster said. "It would help us a great deal if this week these people would mail all the cards and gifts they have ready or can get ready."

Barrington police chief praises meters to Palatine board

Chief of Police Baade of Barrington, was a guest speaker before the Palatine village board Monday evening, speaking on parking meters. Barrington installed 243 meters on Oct. 20 and by Dec. 1 those meters had yielded \$1,781.29, half of which goes to the village.

The Barrington chief had been asked to tell his experience with parking meters by the Palatine board which seems to be seriously considering their installation.

Baade said that the first reaction to meters was hostile, but that the public is becoming more favorably disposed and that it has greatly improved the parking situation in Barrington.

The parking meters allow an hour's parking for five cents or 12 minutes for a penny. There are also two hour meters and meters where a quarter entitles a parker to ten hours of peace and quiet for his car.

The Barrington meters are expected to be paid for within 20 months at the 50-50 basis at which they are operated. Meter hours are from 8 a.m. to 6 p.m., except on Sundays and holidays.

Phone users to get direct service on many Chicago calls

Beginning Sunday, December 14, Arlington Heights and Mt. Prospect telephone customers will hear a quick series of musical tones when placing calls to certain Chicago exchanges. A new and faster kind of telephone service on calls to these exchanges was announced this week by W. C. Lathen, manager of the Illinois Bell Telephone Company.

Customers will place their calls in the usual manner but the operator will complete the connection in an entirely different way. Instead of verbally passing the number to a Chicago operator, she will merely press a series of keys.

"Suppose you place a call to a friend who lives in one of the Chicago exchanges served by this new 'key-pulsing' equipment," the manager explained: "the operator will press the proper key and you will hear musical notes. These sounds travel over telephone wires to the Chicago exchange which serves your friend."

Lathen pointed out that these musical sounds will not be heard on all calls to Chicago. In the case of certain exchanges it will still be necessary for the operator to pass the number verbally.

Scarsdale Xmas dance for teeners Saturday night

The fourth annual Scarsdale Christmas party and dance for high school students will be held in the Arlington Heights fieldhouse, Friday night, December 19, starting at 9 o'clock. This gala event is one of the year's outstanding attractions for the younger set and is customarily attended by several hundred students and friends.

The Scarsdale Property Owners Association at its last meeting voted unanimously to sponsor and appropriate funds for this festivity, deputizing Earl W. Hadland to again officiate as chairman of the arrangements committee.

CONTRACT for the music was awarded to the ever popular Wally Hermes Orchestra. A large lighted Xmas tree, attractive decorations and refreshments will add the necessary Christmas spirit and color to insure an exciting evening of entertainment for those who attend. Prizes for girls and boys will make the affair as profitable as it will be merry for a few of the luckier students.

Admittance is by invitation only, each student of high school age residing in Scarsdale having been provided with additional invitations for friends.

The Students committee in charge of invitations and decorations is headed by Ann Lyman; supporting committee members, Elizabeth Nichols, Martha Collins and Bernard Brock. Arrangement committee members are Earl W. Hadland, chairman, Wm. McAllister, Kenneth Kennedy and Otto E. Schwartz. Acting as hosts for the evening are Mr. and Mrs. Donald C. Frisk, Mr. and Mrs. Hugh Nichols, Mr. and Mrs. Chas. G. Page and Mr. and Donald A. Cox.

Election of officers at St. Peter church

The election of officers for the ensuing year took place at a meeting of St. Peter Lutheran church, Arlington Heights, last Sunday afternoon. Those selected are:

Chairman, Albert H. Meyer; vice chairman, Henry Hoef; treasurer, Walter F. Karstens; deacons, Walter Clauzing and Marein Hahnfeld; for the Board of Christian Education, Carl Klehm; Sunday school superintendent, K. L. Busse; trustee, Ernst Malzahn, and congregational representative, Henry H. Moehling.

At this same meeting, it was agreed to grant the request of the ladies societies in the congregation to build a new kitchen alongside the new boiler room to the east of St. Peter Lutheran school and to convert the present kitchen into an extended dining room.

LEGAL TENDER

Nickels and pennies are legal tender only to an amount not exceeding 25 cents, according to the Encyclopaedia Britannica. Silver coins below the denomination of a dollar are legal tender up to ten dollars.

PTA to present 275 in Xmas musical program

Complete plans for Lions Club theater Christmas party

An interesting and varied program will be presented by the music department of the Arlington Heights elementary schools next Tuesday evening, December 16, at eight p.m. in the auditorium of the North school. The program is under the direction of Harold Brunt, music director assisted by Mrs. Kay Campbell, art teacher.

The first half of the program will feature the school band in its first concert of the season. For weeks the more than fifty band members have been working like beavers to show what new talent can do in a short period of time. Over forty instruments have been added to the organization since the beginning of the school year.

THEIR REPERTOIRE will include numbers by the entire ensemble, trumpet solos, a sax ensemble, and a sax and trumpet ensemble. A special feature will be the number directed by Marshall Sherrill, a student band director. Students from the South school will assist at the piano.

For the second half of the program the choruses and mixed glee club, numbering 225 voices, will sing the beautiful old Christmas carols against a backdrop of shadow pictures, posed by twenty students from Mrs. Campbell's art classes.

The hostesses for the evening are the mothers of the fifth and seventh grade children of both schools. Holiday refreshments will be served at the close of the meeting.

Funds for the payment of the bonds will come from a sewer rental fee to be paid by every water user.

Palatine approves \$250,000 in sewer

Palatine village board Monday night passed an ordinance authorizing the issuance of \$250,000 in sewer revenue bonds. The money will be used in the construction of the long talked about sewage treatment plant and intercepting sewers.

Arlington joins in fight against fare increase

Complete plans for Lions Club theater Christmas party

Hearings on a fare increase for railroads serving suburban communities, which began during the summer as a drive for a permanent 20 per cent increase, this week became a question of a 30 per cent increase as the Illinois Central and Northwestern railroads amended their petitions to the higher figure. The other 10 railroads seeking an increase are expected to follow suit in the near future.

MEANWHILE, north suburban communities spearheaded the fight against the increase and for a 46-ride commutation ticket instead of the -34-ride ticket. William G. Franke, of Pine Ave., Arlington Heights, testified that he has an average of 20 rides left over every month on his commutation ticket. He added that he has been using the Northwestern railroad for 15 years.

Police and firemen will be on hand to insure safety. Because of limited seating space adults can not accompany their children, but can call for them at the end of the show.

A petition with the names of 161 Arlington Heights commuters was introduced into the hearing. "The petition," Franke said, "asks for a 46-ride ticket that won't cost any more than the present 54-ride ticket."

Harold Hesse, of 556 Wedford, Des Plaines, testified that he has an average of 16 rides left over on his commutation ticket. He presented petitions signed by Des Plaines and Mt. Prospect residents against the increase and for a 46-ride ticket to Examiner Forrest McElroy.

THE LIONS Club and V. F. W. appeared to be only mildly interested. The business men made an outright bid for the affair. The Legion also asked to be considered.

All groups agreed that some way should be found to cut down the number of independent carnivals that were held last summer. They also agreed that the summertime recreation program and youth center should participate in the profits.

BY A unanimous vote a recommendation was passed that the Park Board grant the request of the business men. The aid of the one or other group may be asked by them.

THE PARKING METERS would be installed on all parking areas of Davis street, Campbell street, Dunton south of Eastman, Evergreen, south of Miner; Miner between Dunton and State road; Vail street south of Davis; and Northwest Highway between Dunton and Evergreen.

NINETY MINUTE parking is provided north of the village hall and on Vail street, north of Davis west side. North of the track 90 minute parking would be permitted on the Northwest highway, west of Dunton; north side of Miner; Evergreen ave., north of Miner.

Parallel parking only, would be permitted on Davis street east of Vail. Existing parallel and diagonal parking on Campbell street would remain as at present, except no parking would be permitted on the south side of the bank.

MR. LUEHRING'S plan in parking figures are:

Commuter parking areas:
Opposite Millay's 40
East of Evergreen 35
Opp. Giesecke Store 50
Opp. Village Hall 35
Opp. Behren's Realty 30
Opp. Reese's 20

Total for commuters 210
90 minute parking areas 100
Metered areas 250

Total 560

While no provision is made in the Luehring plan for immediate widening of Davis street, Mr. Luehring thinks it should be widened another twenty feet.

A SECOND plan presented by Mr. Luehring to the board calls for one way traffic on Davis street from State road to Vail and on Campbell from Highland to Davis with 2-way traffic on all north and south streets. Accompanying the plan presented to the board was a letter from Mr. Luehring reading in part as follows:

"The maps show no destruction of any trees in the present parks to be used for parking purposes. Financial help, we are sure will be forthcoming to meet the cost of putting these parking lots in shape. These plans will give Arlington Heights a modern shopping district that will benefit everyone, shoppers, commuters and business men."

Foot delivery of mail starts in Scarsdale, Sherwood

Residents of Scarsdale, Sherwood, and Arlington Park subdivisions will have foot carrier service effective December 9, for all who have boxes erected or slots in doors. House numbers should be visible to carriers, stated Arlington Heights postmaster, Virginia Dodge.

Mounted service will be extended to all streets in Stonegate and Scarsdale Estates effective December 9, 1947. Boxes must be erected at curb in front of homes.

For Protection Against TB Buy and Use Christmas Seals

Alderman Luehring presented to the Arlington Heights village board last week a comprehensive parking plan throughout the business district. It is the result, Mr. Luehring told the board, of considerable study and in his opinion will take as small a part of the existing railroad parks as any plan that could be arranged and still bring relief to existing conditions.

The Luehring parking plan is designed to save the parking spaces in the present business district for the exclusive use of shoppers, with provision for free parking space for commuters and business men in four new parking areas located in the R. R. parks, making six in all.

IN ADDITION to the present commuter parking between Davis and Vail and adjoining Northwest highway north of the track, the plan calls for new parking spaces as follows:

Between the freight depot and Vail st., opposite village hall.

A new parking area in center of present park opposite Giesecke store extending from State road to Evergreen.

Diagonal parking on the north fifteen feet of present park north of depot (land is part of street).

Diagonal parking along the north side of railroad between Vail and Dunton.

All of these parking spaces would be on the one-way drive principal, which will permit maximum parking and use the least amount of area.

The village board will not adopt any parking plan without public hearings. Business men and others will have the opportunity to be heard. Mr. Luehring does not consider his plan as perfect, and will welcome any suggestions.

PARKING METERS would be installed on all parking areas of Davis street, Campbell street, Dunton south

England needs Yankee humor, as well as food

Mrs. Wm. B. Forrest, 117 South Walnut, Arlington Heights, told a reporter this week that the picture of English menus and conditions in France as described by Martin Georger in last week's issue were exactly true. She had heard many of the same.

When Mrs. Forrest returned in September from a visit to Europe her experiences were told in a feature story in Paddock Publications. She has little to add to them, but according to newspaper reports, she believes conditions are getting worse in England and its citizens are face to face with some troublous times.

Darlene Arnold, daughter of Mr. and Mrs. Leonard Arnold, underwent an appendectomy at the St. Joseph hospital in Elgin last Saturday. She is convalescing nicely.

PRIOR to the war England, which only raises a fraction of its food, depended upon its colonies to keep her supplied. She was in a position to force them to send their goods to the mother country.

Today those colonies say "no, unless you pay us in dollars." England has not the dollars and her people need food. Malnutrition has weakened the children and meningitis and other diseases are increasing in number.

sugar, 2 ounces of mayonnaise and 1 egg. Mrs. Forrest believes that the people of that country have nearly reached the breaking point.

THE PEOPLE in that country can hardly believe stories of American life. It is so far different from theirs that they consider them just fairy stories. The English housewife in modern conveniences, is 25 years behind America.

The American movies are popular there because they give the people an opportunity to laugh. Now that the importation of the

movies is barred, the people have little reason to be smiling. However they are taught to withstand privations and accept their lot with little complaint.

WHEN THE Germans threatened that country after Dunkirk, England robbed Scotland of all its protective armament and when boomers came up the Clyde there was nothing to stop them. Scotchmen have not forgotten, and wait for the next one, etc.

Mrs. Forrest brought back with her many heirlooms of her mother's Scotch family, that now adorn the Forrest home.

Merle Guild Post American Legion notes

At the regular meeting of Merle Guild Post No. 208, the American Legion, held last Tuesday evening, the members attending made personal contributions totaling \$30.55 toward the 4th annual state-wide program to collect and distribute "Christmas Gifts to Yanks Who Gave." An additional contribution was made by the Post, making a total contribution of \$65.00. This program has become popular in that every man and woman veteran in and out of the service who is a patient in a Federal, State, Army, Navy or Contract hospital is remembered with a Christmas gift.

The \$65.00 contributed and other contributions to be solicited will not be sent to Chicago to purchase gifts, but will be spent right here in Arlington Heights in the purchase of gifts from local merchants. On Saturday, December 13, efforts will be made to obtain additional contributions from local citizens, whose whole-hearted cooperation is earnestly solicited.

A donation of \$200.00 by the Post was made to the American Legion Auxiliary to be used by it for the purchase of cigarettes, candies, fruits and to provide entertainment for hospitalized veterans.

The Post is pleased to announce that Eugene L. Thompson, Jr. a new resident of Arlington Heights and Treasurer of Ajax Adhesives, Chicago, has become a member by transfer of membership from Bullock Sanderson Post No. 136 of Ardmore, Pa.

Mission Crusaders Xmas party Sunday

The Lutheran Mission Crusaders will meet at St. Paul Lutheran church, Mt. Prospect, for a Vesper Service Sunday afternoon, December 14, and following the service, will hold their annual Christmas party with a "box social" in connection.

The Rev. J. E. A. Mueller, spiritual adviser of the Crusader's organization, will conduct the service and preach the sermon. Prof. Theo. Lams, also a Crusader, will be at the organ with some special Christmas carols and hymns.

AT A RECENT regular meeting held Tuesday evening, there were 102 members present. If these members attend with their families, as well as those members who did not attend that meeting, respond with their families to this Christmas party, it should climax any previous indoor affair given by the Crusaders.

The Vesper service is open to all Crusaders and fellow Lutherans. Likewise the "box social," except that every couple is required to bring a box lunch sufficient for two, which will be sold at auction to the highest bidders. Couples with children can bring enough sandwiches, etc., for their family, and need not offer their lunch for sale. They can, however, make a donation towards the box sale collection, which will be donated to the Manual Training fund at Addison.

Coffee and milk will be supplied, but all must bring food. The service and party will prepare and inspire those attending, with the real Christmas spirit, through sermon, festive music, songs and Christian fellowship.

Woman's club has musical program

One World at Christmas presented by Jack Hurley, tenor, and Margaret Cashman, solovox artist, was the program at the December meeting of the Arlington Heights Woman's club at the fieldhouse last Wednesday afternoon.

Mrs. Cashman opened the program by playing a group of Christmas carols and White Christmas on her solovox, an instrument which brings even more beauty than usual to the beloved Christmas music.

IN STORY and song Mr. Hurley described the contributions which foreign countries have made to the customs and traditions of our American Christmas. From Sweden comes the ceremony of the lighted candles; from Norway the idea of elves or little people as Santa's helpers; from Germany and Martin Luther the Christmas tree glowing with lights; from France the creche or nativity scene; from Italy the shepherds and their flocks, and from England the burning Yule log.

Mr. Hurley's songs included selections from Song of Norway, Cantique de Noel, Birthday of the King, and Song of the Snowflake. The audience joined with Mr. Hurley in singing Christmas carols to complete the program.

Mr. Hurley's pleasing tenor voice and charm and Mrs. Cashman's friendly personality and music made this one of the outstanding programs of the year.

IN THE BUSINESS meeting which preceded the program, Mrs. Carl Ewert, president, urged the support of club members in President Truman's food conservation plan for the nation and explained the great need in western Europe. Mrs. W. G. Franke, membership chairman, introduced several new members. Mrs. H. T. Thompson reported for the American citizenship committee and Mrs. George Tuttle for the Lecture Series ticket sales.

Upon recommendation of the executive board, the club voted a contribution of \$10.00 to the Community Council to apply toward the scholarship to Interlochen which the council sponsored.

Henry J. Lasekes have golden wedding Dec. 19

Mr. and Mrs. Henry J. Laseke of Long Grove, were the honored guests at a golden wedding celebration last Saturday evening. Two hundred and fifty guests assembled at the Buffalo House, Buffalo Grove, to help Mr. and Mrs. Laseke relive the happy occasion of December 19, 1897. Other members of their wedding party who were present at the anniversary were Mrs. William Heuer Sr., of Glenview, and Mr. William Hutzil, of Wisconsin.

A mock wedding was staged with a diminutive bride and groom escorting the happy couple and one-half year old Cynthia Pieper, granddaughter of the Lasekes, who was dressed in white with a bridal veil, and carried a large white chrysanthemum, with her small cousin Eddie Zyer of Des Plaines as the groom. The service was read by J. P. William Laurance.

The bride was gowned in lace and satin. Lace top with sweetheart neckline, long lace sleeves and skirt of satin with a three yard train. She wore a fingertip veil with a Prince Crown headpiece. She carried a bridal bouquet made up of a prayer book with a white orchid and streamers of white pom poms.

Maid of honor for the bride was Miss Mildred Eichelberg, sister of the groom, who was dressed in an orchid satin gown trimmed with gold sequins and wore a sequin crown on her head. She carried a bouquet of yellow carnations and white pom poms.

Mrs. John Eichelberg, Jean Koepen, Lorraine Wojnaroff and Ella Mae George served as bridesmaids. They were dressed in pale green satin trimmed with gold sequins and also wore a sequin crown and carried bouquets of orchid carnations with white pom poms.

Judy and Jackie Eichelberg served as flower girl and ring bearer. Judy was dressed identical to the maid of honor. She carried a basket of yellow carnations and white pom poms.

Serving the bridegroom as best man was his cousin, Robert Wahls, with John Eichelberg, Vernon Koepen, Harold Koepen and Gilbert Anderson acting as ushers.

A reception followed the ceremony at the Wheeling Community hall and was attended by 450 guests. Music was furnished by El Sheridan's orchestra.

Arlington DAR holds Christmas party

Thursday evening, December 4, the Eli Skinner Chapter of the Daughters of the American Revolution of Arlington Heights met at the home of Mrs. M. W. Grigsby to celebrate Christmas in the spirit of giving. The party was held in the recreation room decorated with greens and Christmas ornaments. Christmas carols provided a musical background.

Mrs. M. F. Daniels gave a delightful historic account of Christmas celebration during the early years of American settlers. To our surprise, we learned that the Pilgrims, Quakers, and Puritans frowned on any observance of Christmas due to excessive carnival celebration in the Old World. Only the Cavaliers of Virginia held any semblance of the Christmas spirit. Not until the 18th century did observance of Christ's birthday become part of church and community.

A CHRISTMAS film was part of the entertainment, an unusual game followed by a clever magic act by Dick Grigsby. The evening closed with exchange of small gifts among members, and refreshments. Assisting Mrs. Grigsby, hostess, was Mrs. Milton

Daniels and Miss Edith Lindsey. A guest for the evening was Mrs. Herbert Bunscho, and membership papers are pending in Washington for Mrs. Ira Parker and Mrs. Glenn C. Kaiser of Mt. Prospect.

The most important objective of the DAR party was the donation of good used clothing to the Kate Duncan Smith mountain school wholly supported by the daughters. Kate Duncan Smith is in Grant, Alabama, founded by the Alabama Daughters in 1924, and is an accredited school by state that has 12 grades. It is a day school with an enrollment of 524 pupils drawn from a radius of 100 miles. The girls work in Minor Practice Cottage under the supervision of the home economics teacher; the boys are trained in modern farm methods, supervised by the vocational agriculture teacher. A public health nurse is employed for the benefit of the school and the mountain people.

EACH MEMBER of the chapter brought a child's Christmas gift for the mountain children. PALATINE OFF TO ARLINGTON HEIGHTS SATURDAY NIGHT

Leyden noses
Woodstock, 32-30

Leyden took a hard fought battle Friday night on their home court against Woodstock, 32-30 after the two squads had tied at the three-quarter mark, 3-all. Woodstock's tight zone defense paid off, but not quite enough as the Eagles connected on just enough shots from 25 feet out to take the contest. The Streaks led at the half, 15-14.

The major game was a nip and tuck battle all the way with Leyden sinking two free throws in the last minute of play to break a 30 to 30 deadlock and win the game.

The Streaks were off to a good start and held an 8 to 3 lead at one time in the first quarter, the widest margin in the game. At the quarter it was 10 to 7 in favor of the Streaks. Half time found the O'Hara boys in front, 15 to 14. At three quarters the game was tied at 23 all.

At no time after the first quarter was the difference more than two points.

In the preliminary tilt, Ronald Quani, 6'4" center of the junior Eagles led the way for his mates by sinking 16 points. Woodstock had led at the first two quarters, 7-3 and 18-12, but the Franklin Park boys found the range the third segment as they swished the hoop for 21 points.

Palatine falls twice to Barrington, but trounces Grant

Palatine lost a doubleheader at home Friday night to Barrington but came through on Saturday night at Grant for a double win to gain an even break for the week end and for the season to date.

The Pirate varsity team played much improved ball Friday but Barrington's superior work around the basket spelled Palatine's downfall 31-24. Palatine trailed most of the game, but came up to within two points of the Bronchos in the final period only to lose as Pomeroy and Savye scored to sew up the game.

POMEROY and Savye were the whole show for Barrington with 15 and 10 points respectively. They did most of the rebounding as well as scoring for the Bronchos and it was Palatine's failure to get an even break on the rebounding which decided the game. Hestrup scored three baskets and Steinbrink and Pepper each got five points for Palatine. It was Barrington's sixth straight victory.

Palatine was no match for Barrington's frosh-sophs and lost 38-15. Barrington's inability to hit the basket kept the score at a respectable figure until the last half. All Barrington's points were scored by the five starters. Shuetz, Frey, Roake, Armanetti, and Hansen. Armanetti scored 13 points. Merfeld played the best game for Palatine.

SATURDAY the Palatine varsity ran up a 24-4 lead on Grant in the first half and went on to win easily 41-27. Grant scored 16 points in the final quarter against Pirate reserves after trailing 34-11 with eight minutes to play. Grant's six foot six center scored no points at all and their high scorer of the season, Haiman, tallied only three points. Palatine's defense

Uncle Sam, not the Yankees, won the World Series

The Yankees did not win the World Series. Uncle Sam won according to Tax Foundation. The federal admission tax on tickets was \$356,000. The government will get around \$77,000 in income taxes from the Yankee players' share of gate receipts. The Dodger players' income taxes on their Series split will be about \$44,000.

The Yankee and Dodger clubs will pay corporate income taxes on the Series alone of about \$37,000. Including income taxes paid by scalpers and by the companies and individuals who sold beer, peanuts, hot dogs and souvenirs plus the excise taxes on the beer sold, it is quite probable that the federal government got at least \$750,000.

That's almost enough money to run the federal government for eleven minutes.

Stags host to St Louis Friday

The Chicago Stags, currently tied with Baltimore for leadership in the western division of the BBAA, have only one game on the card this week. That will be against the highly touted St. Louis Bombers at the Stadium, Friday, December 12. The co-feature brings George Mikan back to the Stadium as the Minneapolis Lakers engage the Fort Wayne Zollners in a National League encounter.

The Bankers League of Chicago will play a preliminary game beginning at 6:30. Northern Trust will face National Boulevard. The Stag, St. Louis game is scheduled for 8:00 with the Minneapolis, Fort Wayne tip-off slated to go about 9:30.

The Stags will be after their fourth straight victory Friday against St. Louis, a team they beat 30-70 the first time out this year.

The Bombers braced by Johnny Logan, all league guard last season, and Red Rocha, a 6'9" center, who dipped in 17 points against the Stags, will be out to avenge that setback and a chance to move into second place in the league standings.

For the second time this season, four of the fabulous "Whiz Kids" of Illinois, will appear on the same doubleheader. Ken Menke and Jack Smiley will represent Fort Wayne against Minneapolis and Andy Phillip and Gene Vance will face the Bombers. Phillip has been troubled with a strained knee and will see only limited action against St. Louis.

**Cards beaten
by Niles, 29-23**

by MARVIN PRELLBERG

Sloppy ball-handling, a case of the jitters, and little rebounding power proved to be the downfall of the Cards last Friday evening when they dropped their opening cage game to a Niles township quintet by a 29-23 count on the locals' floor.

The Cards, who went on the court with only two veteran lettermen, just couldn't seem to get the hang of things until too late in the game and therefore never caught up to the Trojans, who at one time held a nine point lead in the first quarter. Niles had one decisive advantage, however, by having played a couple of scheduled contests before this one and thus was experienced under fire.

Bill Comstock, combined with Ed Sorgel, shot Niles up to a fast 7-0 lead in the first few minutes of the opening period before Viv Heimsoth put Arlington into the scoring column with a free-pitch. Anderson followed up with a free-throw for the visitors, and Comstock added another two points to bring the count to 10-1. Wally Beckman sank two free-tosses, and Heimsoth hit a pivot shot for the Cards as the quarter came to a halt with Niles on the top end of a 10-5 count.

THREE consecutive points by Heimsoth pulled the total to 10-8, but the Trojans soon stretched their lead to 15-8 when Sorgel poured in two field goals and Anderson a foul-shot. This climaxed the scoring in a rather ragged first half with Niles holding a 15-8 lead at the inter-

Northbrook's Vikings nosed out the Grant Bulldogs in a Northwest conference battle Friday night after trailing by three points the third quarter, 42-21. Schilgen with 17 and Esp with 16 were high for the winners, while Hill's 17 and Albrecht's 11 were tops for Grant.

**RAMBLE INN
'N OUTINGS**

by BILL NORTH

I promised in last week's column that I would have the date of the next Ramble Inn Roller Party. Well here it is. On January 12, that is a Monday, a couple of buses will be at the Y. C. ready to take all avid roller skating fans to the Fox Roller Rink just the other side of Elgin. It will be another great Y. C. event for sure. Make sure you remember to reserve that night, that's January 12, for Roller Skating.

If you were listening to your radio last Sunday night, you probably heard a swell recital by two Arlingtonites. I mean, of course, Florence Lunning and Dick Everett. These two talented musicians were guest artists on the Stars of Tomorrow program sponsored by Rubins.

Florence Lunning sang "The Enchanted Hour" and Dick Everett played Excerpts from Grieg's A Minor Concerto.

Their renditions were excellently executed.

Ramble Inn wants to congratulate the Junior Class for putting on a really great after-dance last Friday. It takes some event to compete with Ramble Inn for after game fun, however, the dance the Juniors put on really did its job well. I also hear that the dance was a real financial success.

And while we're passing out the orchids here's a great big one that should go to the band for sponsoring a fascinating magic show. Orenda was amusing as well as mystifying. His tricks had the complete audience stupefied. We still wonder how Laurron Hollembach could keep from opening that sealed envelope. Oh well, will power.

—Y. C.—

We played the game, we fought the fight. But for all that we lost. But it isn't so much in our conference stand.

That we'll count the cost.

There are plenty more to win. But win or lose let's support our team.

And never, no, never give in.

**North Shore Arena
rodeo this week end**

The North Shore arena association early this week completed plans for its championship rodeo to be held December 13 and 14. The event will mark the official opening of the NSAA's new arena and quarters located on Golf road west of Skokie Blvd. in Skokie.

Events for each of four performances include bareback and saddle bronc riding, calf roping and bulldogging. NSAA officials said, "Curley" Medo, one of the nation's outstanding trick riders and ropers, will highlight performances of both days.

Among the 35 head of stock being used in the rodeo is "Boston Blackie," a rare, black Brahma steer. Last month, the steer escaped in Libertyville, and was recaptured only after doing considerable damage to a police squad car from which he was eventually roped.

Tickets for the 1000-seat arena show will be sold at the door. None will be reserved seats but will be sold for \$1.20 and \$2.40, depending on location.

Less Wisconsin Dairies
Postwar readjustments of the Wisconsin dairy industry has resulted in a decline in the number of dairy manufacturing plants in that state. Last year's decrease in dairy plant numbers is about average, figures since 1941 showing an annual drop of about 100. Better transportation is held largely responsible for the decrease.

IN MEMORIAM

WALBAUM, ELMER. In loving memory of dear husband and father, who passed away one year ago, Dec. 12, 1946.

Loving and kind in all his ways. Upright and just to the end of his days.

Sincere and true in his heart and mind.

A beautiful memory he left behind.

He had a nature you could not help loving.

A heart that was purer than gold,

And to those who knew him and loved him,

His memory will never grow cold.

Cards beaten

(Continued from page 11)

mission. Bill Robinson, junior guard, opened up the third period with a quick basket for the locals. However, Anderson, and Sorgel each hit a free-throw for Niles, and the remainder of the period was a nip and tuck battle, the quarter ending with the Trojans six points up on Arlington, 22-16.

The Cards tried desperately to overtake that lead in the final quarter, but it just wasn't their night. Orville Schaeffer hit for four of the locals' final seven tallies to spark this desperate drive, but these were not enough to combat the Trojans who also notched seven markers, resulting in a Northeast Conference Victory for Niles by a 29-23

BILL Comstock racked up four points in the last quarter for the Trojans to become high scorer of the contest with a nine point total. He was followed by Arlington's Vic Heimsoth, who notched three field-goals and two free-pitches for eight tallies, to grab scoring honors for the Cards.

December 12 the locals travel to Lake Forest to match talents with the Scouts in what should be a thrilling game; and on the thirteenth of December Arlington will play host to Palatine in the 1947-1947 Sleigh bell debate.

LED BY Eugen Busse, who poured in 14 points from the pivot position, the Cardinal Juniors struggled through four quarters of thrilling basketball and defeated the Niles Trojans in a Northeast Conference affair by a 30-26 count.

The Junior Cards, under the leadership of George Gibson, showed up quite well considering it was their first contest and that Niles already had several games under its belt.

The Cards pulled out in front in a slow scoring first period by a 6-4 margin.

IN THE SECOND quarter Heights returned basket for basket plus one extra to gain a 15-11 lead at half time.

Both teams notched six points in the third frame, and thus the Arlingtonites held a four point lead, 21-17, starting the final period.

The last frame was a see-saw battle in which Arlington was stalling the ball, and the Trojans were trying desperately to catch the locals before time ran out. However, time did run out, and when the game ended the Cards still held on to that four point lead in a 30-26 victory.

THE MAILMAN'S CORNER

by LELAND ELLIS TRUXELL
One of the hardest persons to find is the man or woman who is an interesting conversationalist.

One of the most brilliant conversationalists I ever talked with is a little Irish lady. She has a gift of humor, an intuitive tact, that can make a carrier satchel loaded with Life, Ladies Home Journals and Better Homes and Gardens feel like a pillow. She is cheerful and inspiring. But when I get cornered by Joe, I feel like a deflated balloon.

Joe is one of those fellows who knows everything, and who gains his point rather by persistence than good logic. He is a buttonhole conversationalist, and in my opinion, they are among the worst of all. Hooking one finger in my buttonhole, he launches into a lengthy

and frothy conversation that makes me feel as comfortable as a monk in sackcloth and ashes. Once Joe gets started, there is only one way to escape—shed your coat and run.

Then, Percival. Percival went to Oxford. Has the Oxford Aukcent, don't you know? Like most other folks who believe they know enough already, I would much rather be entertained by some one with the gift of blarney than to have my spirit damped by the dust from some antiquated old bookworm.

Next the dirt digger. Definitely, I am not interested in the scandal in any person's life. If any one wants to dig dirt, he can find plenty to dig out of his own past.

But perhaps the prize pain of all is the fellow who is forever saying the wrong thing. Some one observes that I am late, after I have been struggling with papers, magazines and packages since six a.m. and it is now one thirty and I'll have to leg it to get in under eight hours; a woman wants to know why I am late; some one criticizes my taste in books, or casually notes that I am getting stoop-shouldered and grey. These things burn me up. Don't they?

Good conversationalists avoid these errors. We can learn not to antagonize others, seek to inform or to irritate by our bad mannerisms. It's hard, don't I know! But it pays in the friendship and respect that others come to show toward you.

Palatine school wins debate

The Palatine high school scored a double victory in debate Friday evening in the first contest of the year in the Q. I. A. The question which had been chosen for debate was, "Resolved, that the Single Tax should be adopted by the United States."

In the high school assembly room at Palatine Lawrence Frye, Mildred Smith and Eleanor Fox presented the affirmative argument. They were opposed by Jessie Pate, Harold Peters and Earl Allison, negatives of Arlington Heights.

At Arlington Heights high school at the same hour the question was debated by William Cleveland, Amanda Ellerbrake and Elsie Bruhnke, affirmatives, opposed by Robert Matthie, Frances Daniels and Julia Fox, negatives, representing Palatine.

JUST AROUND THE CORNER

Dear Jane:

To the High School last night for the Pre-Holiday Concert. We were told that the weather never fails to be bad when this annual event is scheduled and, running true to form, we were confronted with a heavy downpour from the sky when it was eight o'clock, and again at nine when the concert was over.

But it was well worth the inconvenience to see our Number 3 son take his place in the clarinet section with his fellow members of the band. And a lot of other parents must have felt much the same way about their children for the auditorium was completely filled. It was the first time George was allowed to play in public, and he was very pleased and proud to do so. "I had to fake some of it, Mom. You couldn't notice, could you?" His father and I had to smile it wasn't exactly caliber, at least

Modern Etiquette

by ROBERTA LEE

- When one is personally acquainted with the bridegroom, but does not know the bride, to whom should the wedding gift be sent?
- When celery, pickles, or olives are passed at the table, where should the guest place them?
- What is the best way to recall invitations, when for a small informal affair?
- What is one of the most common and inconsiderate offenses when attending a theater performance?
- Isn't it all right when dining alone for one to read a book or newspaper while at the table?
- If you know a servant in a friend's home, should you speak to her when she opens the door?
- When a girl is offered a cocktail in a crowd, but she does not drink, what should she do?
- Isn't the bridegroom supposed to pay for the wedding music?
- What is a hors d'oeuvre, and how is it pronounced?
- When a man and a woman are to be married, and both are living in a distant city, should the announcements be sent from that city, or from the home of the bride?
- When a woman is alone in

a hotel, in what way should she call a taxi?

What is the popular time, or season, for giving a debutante her coming-out party?

ANSWERS

- All gifts are sent to the bride, never to the bridegroom.
- On the bread and butter plate.
- By telephone where possible, or by brief notes.
- That of arriving late. This is exceedingly rude and inconsiderate of the comfort and pleasure of the others who have arrived on time and are entitled to an unspoiled performance.
- Yes. 6. Certainly. Why not? It would be snobbish not to do so.
7. Say, "No, thank you," but graciously. It isn't necessary to add that she does not drink, nor should she ever accept merely to please the others.
- No. This expense should be borne by the bride or her family.
- It is a side dish, a relish. Pronounce hor du vr, o as in or, u as in urn, accent after the du. 10. Wedding announcements should be sent in the name and from the home of the bride's nearest relatives.
- Ask a bellboy to attend to it. 12. Just before or after the winter holidays.

Wartime-qualified aviation cadets may be reinstated

Wartime-qualified Aviation Cadets whose hopes for pilot training with the Air Force were ended by the curtailment of the Aviation Cadet Program in 1944-45 may be reinstated. S/Sgt. Rocco, Recruiting N. C. O. of the Des Plaines recruiting office said:

The acceleration of the Aviation Cadet Pilot Training Program to a total of 3,000 Aviation Cadets during 1948 will make it possible for the Air Force to fulfill its obligation to many of these men who volunteered during the war. Men in this special category, Sgt. Rocco said, may be reinstated merely by passing the required physical examination, if they are unmarried, between 20 and 26½ years old and have had two or more years of satisfactory college study.

Formerly qualified cadets in-

terested in resuming pilot training should write direct to the Headquarters, United States Air Force, Attention: Aviation Cadet Section, Washington 25, D. C., for information and instructions.

Lesson in English

by W. L. GORDON
WORDS OFTEN MISUSED

Do not say, "I calculate it is true," or, "We calculate to go next week." Say, "I think it is true," and "We plan to go next week." Primary meaning of calculate is to determine by mathematical process.

Do not say, "This here boy will go with you." Omit here. Do not say, "Had I have known you were going?" Omit have. Say, "Had I known you were going."

Do not say, "I shall send you a postal." Postal is an adjective. Say, "I shall send you a postal card," or, "post card."

Do not say, "Charles said that he felt kind of sick." Say, "that he felt slightly ill."

Do not say, "He entered into the room." This is redundant. Omit into.

WORDS OFTEN MISPELLED

Excel; one l. Excellent and excellence; two l's. Magnesia; sia, not zia. Rabbit (animal). Rabbet (a groove). Permissible; two i's and two s's. Apostrophe; observe the phe. Cavalry (horsemen). Do not confuse with Calvary (where Christ was crucified).

WORD STUDY

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Precedent (noun); established mode of procedure. (Pronounce first syllable press). "And what we today hold up by example, will rank hereafter as a precedent." — Tacitus.

Abnormal; not according to rule; unnatural. "He was a man of abnormal strength."

Allegory; the setting forth of a subject under the guise of some other subject. "Allegories, when well chosen, are like so many tracks of light in a discourse, that make everything about thee clear and beautiful." — Addison.

Determinate; having defined limits; definite. "Eloquence rests on laws the most exact and determinate." — Emerson.

Drastic; acting vigorously; extreme; effective. "Such conditions call for drastic action."

Superficial; understanding only the ordinary; not learned. "A superficial mind cannot grasp these truths."

Trees of the States

Nearly 4,500 species of trees and plants are native to Alabama—a greater variety than is produced throughout all Europe. Kansas produces about 90 per cent of all apple seedlings grown in the United States. Idaho has the largest stand of white pine timber in the United States. The largest white pine lumber mill in the world is in northern Idaho.

Weekly recipe

My first experience in baking was assisting mother in making date-nut pudding. It is still a favorite of mine. A delicacy everyone loves and so easy to make. You will use it over and over again. Your family and friends will command an early encore.

DATE NUT PUDDING

1 cup dates

1 cup pecans

1 cup saltine crumbs

3 eggs

1 cup sugar

2 tablespoons flour

1 teaspoon baking powder

1 pint whipping cream

Method: Chop dates and nuts and cover well with the flour — add sugar, saltine crumbs and baking powder. Add well beaten eggs. Bake in 9 inch shallow square pan for 15 minutes at 400 degrees. Cool and cut in tiny squares and serve with sweetened whipped cream.

Percheron owner gains recognition

Frank C. Rathje, well known farmer and breeder of Palatine, is shown with his grand champion Percheron mare, February Forty-Three, whose triumph climaxed an honor paid to him on Nov. 29 at the Saddle and Sirloin Club, when at a banquet his portrait was hung to pay him tribute as an important contributor to the livestock industry through his work with Percheron horses.

LAW on the FARM

Quit Claim Deeds.—If there is any truth in the story that some gullible person frequently "buys" the Brooklyn bridge, he most likely takes a quit claim deed from his seller. True enough the seller has no financial interest in the bridge and is probably guilty of fraud and a number of other offenses, but so far as the deed is concerned, it gives the purchaser exactly what the deed states he bargained for—"any right, title or interest possessed by the seller" in the object sold. In the Brooklyn bridge case, the seller has no "right, title or interest," but that is often times true in cases where quit claim deeds are used.

Obviously, when a person buys a property, he does not want a quit claim deed, but a warranty deed. A quit claim deed conveys a clear title only when the person giving it possesses all the right, title and interest in the property conveyed. A number of quit claim deeds to one person from all persons having an interest can give a clear title, of course. As a matter of fact, titles to property are frequently cleared by having all persons who may have even a remote interest in the property execute quit claim deeds.

In order that the effect of such deeds may be clearly understood, the Illinois legislature in 1872 passed a law providing that:

"Quit claim deeds may be, in substance, as follows:

The grantor (here insert grantor's name or names and

**Soil tillth
hinges on
management**

The problem of improving soil tillth hinges on the wise use of lime, manure, crop residues and fertilizers, if these treatments are necessary to produce large yields of high-quality organic matter.

J. E. Giesecking, University of Illinois Agronomist, points out that high-quality organic matter and rapidly decomposing organic matter, when mixed with the soil, will insure good tillth in moist soils. The best organic materials for this purpose are those produced from legumes. Other sources are fine-rooted and fine-stemmed grasses or sod crops, green manure crops and barnyard manure.

"Tillth is one of those soil characteristics which can be changed rather quickly," the specialist said. "Good tillth can be quickly and easily changed to poor tillth and, generally speaking, a condition of poor tillth can be gradually changed to a condition of better and better tillth from year to year."

In order to retain good tillth soils should not be cultivated when they are too wet, and livestock should be kept out of pastures when the soil is muddy.

"Good soil management is the key to good soil tillth," Giesecking emphasized. "If fertile soils are cultivated and pastured only when moisture conditions are right, and if they are supplied with liberal amounts of high-quality organic matter, they are almost sure to have good tillth."

Soils in good tillth absorb water rapidly during rains, and water and air move freely thru them. Good conditions are provided for the germination of

**Urge farmers to
feed less high
priced feeds**

"Farmers are beginning to feel the pinch of high feed costs in their herds," states Farm Adviser C. A. Hughes. "Some are advocating regulations for feed costs. This is easier said than done. We have just been relieved of regulations by O. P. A. Do we want more? One regulation brings on a couple of others. To ration feeds is practically impossible."

"Grain prices are a result of drought and supplies going to Europe."

"What should a dairy farmer do to meet mounting costs of concentrate feeds?"

"First during past years we have been feeding more and more per cow with fair milk prices and not too high grains."

"It is our opinion that dairymen might begin to reduce this grain ration in many cases. Remember ensilage, pasture and hay accounts for 75% of our production. With good hay the grain ration may be reduced materially with some milk production cut but not too much."

"In Morrisons 'Feeds and Feeding' A copy of which every farmer should have, comparison is made of a number of herds fed varying amounts of concentrates. This involved feed records on literally thousands of cows in different states with these results:

In New York milk production was 7,994 lbs., 2,683 pounds of concentrates were fed, 3,800 lbs. hay, 8,000 silage and the feed cost was \$1.98 at the going prices. In Michigan 7,457 lbs. milk was secured by feeding only 2,031 lbs. concentrates, more dry feed for part of the silage at a cost of \$1.20 for milk. In Virginia less milk was secured even though more concentrates were fed, hay reduced and more silage given. Costs were \$3.20. In Oklahoma, half as much concentrates were fed, less hay and ensilage and more pasture with costs at very, very low.

"With good hay which we believe we have this year, it seems that grain and purchased concentrates may be reduced without a corresponding reduction in milk and a much lower cost of milk because of excessive grain and concentrates prices. We think these feeds may be cut 25 to 50% depending on how heavy feeding is.

Farm records only answer to tax drive against farmers

by C. A. HUGHES

A recent press notice states that the Internal Revenue is concentrating on farmers and doctors for back Income Tax payments. At least one office in Cook County has laid a heavy hand on farmers in its territory. Some very large penalties have been assessed which may be 25% of the reported net income according to law.

As we have emphasized for quite some time, sooner or later farmers will be required to keep records and save all slips in an envelope for three or even four years back. Unfortunately some have thought these could

be destroyed after a year and have had severe penalties assessed for lack of proof.

THE AGRICULTURAL Economics Department of the State College has developed a new farm account book, very much like the one put out by the Cook County Farm Bureau for five years past. We suggest that farmers secure these books and keep a complete record. And we mean a complete record.

Farmers have been questioned about the income shown from a farm. Failure to report income will not be handled by the collector but if evidence is not complete the case may become fraud and can go to court for settlement, as we understand it. If a crop is lost from a field, no better evidence can be furnished than a record in a book such as you now can get.

THE QUESTION of reporting workers names has been troublesome. We suggest making the best record of names you can. If the name you can get is not a man's real name it does not become your responsibility. This book, well kept, will answer any collector's questions.

Also, remember you are not liable for filing form 1099 for any hands you pay as much as \$500 in wages, rent, board, etc.

Meals furnished cannot be charged on 1040-F as so much per, but you can set up a charge for things you buy—but not for food furnished by the farm, meat, eggs, milk. This is on the 1050-F and not on 1099 mentioned before.

Also, some areas are requiring farmers to enter as income

A request from a group of ex-G. I.s recently received by the city, asking for an appropriation of about \$5,000 a year for the re-establishment of a municipal band, earned a favorable report and inasmuch as city ordinances drawn up after a city-wide vote on the matter, set up the necessary machinery and income for such a band, it was recommended that action be taken next year to make a municipal band possible again.

According to the city ordinance revised in 1928, the city may spend out of taxes, an amount equal to two mills, for maintaining a band. According to the present assessed valuation, the maximum amount under this allotment would be around \$16,000.
